Homepage Design - AI Image Generation Prompt

For generating visual mockups of the Outfit Planner homepage, use the following detailed prompt with an AI image generator (such as Midjourney, DALL-E, or Stable Diffusion):

Primary Homepage Prompt

Create a modern, clean fashion-focused web application homepage for "Outfit Planner - Intelligent Wardrobe Manager".

COLOR PALETTE:

- Light neutral background (off-white #FAFAFA)
- Soft pink accent (#F8B4C4) for primary actions
- Sage green (#9CAF88) for secondary elements
- Charcoal gray (#2D3436) for text

LAYOUT COMPONENTS:

1. NAVIGATION BAR (top):
 - Minimalist navbar with logo on left
 - Menu items centered: My Wardrobe, Plan Outfits, Calendar, Social, Settings
 - User avatar on right with notification bell
2. HERO SECTION (centered):
 - Large elegant title "Intelligent Wardrobe Manager"
 - Subtitle "AI-powered outfit recommendations tailored to your style, weather, and schedule"
 - Primary CTA button "Get Started" in soft pink
3. VIRTUAL CLOSET GRID (main content area):
 - Responsive grid of clothing item cards
 - Category tabs: All, Tops, Bottoms, Shoes, Accessories
 - Each card has: thumbnail image placeholder, item name, color dot indicator, wear count
 - Clean white cards with subtle shadows and rounded corners (12px radius)
4. WEATHER-AWARE OUTFIT PANEL (right sidebar):
 - Today's weather display with temperature (22°C), weather icon (partly cloudy), and "Forecast" link
 - Recommended outfit preview showing 3-4 clothing items arranged vertically
 - "Wear This Today" button with sage green background
5. FLOATING ACTION BUTTON:
 - Circular pink button with "+" icon positioned bottom-right
 - For adding new clothing items via photo upload

6. COMMUNITY SECTION (bottom):

- "Trending Outfits" carousel showing outfit combinations from other users
- Outfit thumbnail, like count with heart icon, user avatar who created it
- Horizontal scroll indicator

TYPOGRAPHY:

- Headlines: Modern sans-serif font (Inter or Poppins), semi-bold weight
- Body: Clean sans-serif, regular weight
- Elegant letter spacing for premium feel

DEVICE FRAMES:

- Show desktop view (center, large)
- Show tablet view (right side, medium)
- Show mobile view (left side, small)
- All in a single composition with subtle device bezels

STYLE NOTES:

- Premium, minimalist, fashion-forward aesthetic
- Generous white space
- Subtle drop shadows (0 4px 12px rgba(0,0,0,0.08))
- Smooth rounded corners throughout
- Soft gradients for depth
- Professional UI/UX design quality

Additional UI Prompts by Feature

Wardrobe Management Page

Design a wardrobe management interface with:

- Large grid/list toggle for clothing items
- Filter sidebar with categories, colors, seasons, occasions
- Bulk selection mode for organizing items
- Drag-and-drop zones for creating outfits
- Statistics cards showing wardrobe analytics (total items, most worn, cost per wear)
- Search bar with AI-powered suggestions
- Color palette: off-white background, soft pink accents, sage green secondary
- Modern minimalist design with rounded corners and subtle shadows

Outfit Builder Page

Design an outfit builder interface with:

- Central canvas area for assembling outfits (mannequin or flat lay view)
- Left panel with wardrobe items organized by type (scrollable)
- Right panel showing weather data and calendar events
- Bottom panel with AI-generated outfit suggestions (3 cards)

- Color harmony indicator showing how well items match (score out of 100)
- Save outfit button with occasion tags dropdown
- Undo/redo controls
- Color palette: off-white background, soft pink for primary actions, sage green for success

Social Validation Page

Design a social validation interface with:

- Active polls section with countdown timers
- Vote buttons (A, B, C) with outfit preview cards
- Comments section with user avatars and timestamps
- Results visualization with percentage bars
- Share poll link functionality with QR code
- Community feed with trending outfits
- Notification badges for new votes
- Color palette: off-white background, soft pink for votes, sage green for results

Mobile App Views

Design mobile app screens for Outfit Planner showing:

- Bottom navigation: Wardrobe, Outfits, Add (+), Social, Profile
- Swipeable outfit suggestion cards (Tinder-style)
- Camera interface for adding clothing items
- Weather-aware daily outfit notification
- Compact wardrobe grid view
- Pull-to-refresh on all lists
- Floating add button on wardrobe screen
- iOS and Android device frames side by side
- Color palette: off-white background, soft pink accents, sage green secondary
